Welcome to our world

KNIGHTSBRIDGE SCHOOLS INTERNATIONAL (KSI) IS THE LEADING BOARDING SCHOOL IN MONTENEGRO, OFFERING THE PRESTIGIOUS INTERNATIONAL BACCALAUREATE (IB) CURRICULUM AND LOCATED WITHIN THE WORLD- CLASS FACILITIES OF PORTO MONTENEGRO.

KSI Montenegro forms part of the global Knightsbridge Schools International group, established by the founders of Knightsbridge School in London, and operates a network of international schools world-wide.

KSI Montenegro is an all-through school, attracting both day students and boarders.

The School was established in 2010 and promotes the Group's distinguished British ethos. Boarding is open to students aged 11-18 from around the world. The School maintains academic rigour in an international environment that develops smart, happy and successful students into curious, enthusiastic, life-long learners.

Located at the heart of Tivat, on the beautiful Bay of Kotor, KSI Montenegro offers a home setting and enriching educational experience. Students are encouraged to explore the country's beauty and partake in culturally engaging activities, developing them into internationally minded citizens.

Benefits of Boarding

A boarding school provides an environment where students live and study together in a safe and secure campus. Students at boarding school benefit from heightened interactions with teachers and peers, developing enduring friendships

and an understanding and respect for other cultures.

Boarding at KSI Montenegro seeks to nurture self-discipline, self-management and leadership skills. The residential campus environment ensures

students are immersed in an educational world, where learning is central to all activities. It is a unique setting that promotes camaraderie, friendship, trust and honesty between children and adults.

Residential Life

KSI Montenegro offers a flexible boarding package to meet the individual needs of the modern family. Families can select from 5 days a week or 7 days a week boarding, accommodating both local and international needs.

KSI Montenegro offers co-educational boarding with separate facilities for girls and boys. Students have a choice of fully furnished single or double rooms. Students of different nationalities, cultures and languages are mixed to facilitate cultural curiosity, understanding and

appreciation, and inspire students to “be all they can be”. Consideration is also made towards the health, happiness and academic development of each student. Boarding provides an enriching environment to continually develop the language of instruction, English.

“From the moment I saw the boarding facilities and met the House Parents I knew my child was in safe hands. That is all you can ask for as a parent.” – KSI Parent

Pastoral Care

Students are encouraged to take initiative, develop personal responsibility and actively participate in developing a friendly, welcoming and culturally understanding environment. This nourishes the holistic experience of boarding and allows students to develop as a community of

empowered and engaged global citizens.

Students' routines are initiated by House Parents who support boarders on health, social, emotional and academic levels, and provide basic medical and counselling support. There is a strong emphasis on personal responsibility,

respect and trust. Boarders are always kept active and busy to enjoy their experience away from home.

The KSI Boarding House has access to the school infirmary, staffed by a full-time nurse, and 24-hour access to a local doctor.
